DIFFERENTIATORS

- **Microsoft data focus:** Power BI, Fabric, Azure Data Factory, Power Platform
- **PMP®-certified principal** with direct accountability on every engagement
- **Flexible engagement:** direct, subcontract, and teaming
- **XTPROS talent support** when an engagement needs added resources

COMPANY OVERVIEW

Xcelaxis Tech LLC provides technology consulting and delivery services for government and enterprise environments: data analytics, business intelligence, data engineering, cloud, and project/program delivery. Specialized IT staffing is provided through XTPROS, the company's staffing division.

CORE COMPETENCIES

Data Analytics & BI

Power BI, semantic models, DAX, KPI dashboards, RLS.

Microsoft Fabric & Data Engineering

OneLake, Lakehouse/Warehouse, pipelines, Dataflow Gen2, Dev/Test/Prod.

Azure, SQL & Data Integration

Azure Data Factory, SQL, ETL/ELT, dimensional modeling; Databricks and Snowflake as required.

Power Platform & Automation

Power Automate, Power Apps, SharePoint workflows and report distribution.

IT Consulting & Project Delivery

Business analysis, PMP®-led project and program delivery, Jira/Azure DevOps.

Technology Staffing (XTPROS)

Staff augmentation, contract-to-hire, direct placement, executive search.

PAST PERFORMANCE & EXPERIENCE

PRIMARY FEDERAL REFERENCE · XCELAXIS SUBCONTRACT

U.S. Department of Veterans Affairs

Veterans Family Program · Prime: large federal systems integrator · via AI VETS · Oct 2022–2024

Delivered claims data into AWS GovCloud S3, mirrored source-to-target data, and built a CX-style Power BI model for claims decision support. Completed the four requested reports.
